State Will Get Showers Today; Sunshine Later

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, May 19.—California enjoyed an early summer bath today with showers varying in intensity from Marysville where .38 of an inch fell, with all the trimmings of a thunder shower, and Eureka with .36 of an inch to San Diego with but .02 of an inch of rain.
 San Francisco had its share

with intermittent drizzles amounting to .29 of an inch.

Showers Saturday all over the State were scheduled to conclude the precipitation and to be followed by fair and warmer weather according to the weather forecast here tonight.

**TURKS COMPLAIN OF
BRITISH CENSORSHIP**

THE CASE—SERVIENTE REPORTED
CONSTANTINOPLE, May 13.
 The British censor has forbidden
 Turkish newspapers in Constantinople to publish the details of a report of Florence Bulling, a Near East Relief representative in Angora on the alleged Turkish atrocities at Kharpout.

Turkish newspaper men are complaining against the censorship for encouraging the Turks on one hand by refusing to publish the Turkish side to the other. They also claim the British censor is cutting out articles favorable to the British.

SHIPPING and Los Angeles Harbor NEWS

URGENT LEASE FOR COTTON COMPRESS

Chamber Officials See
Means to End Present
Difficulties

The Los Angeles Chamber of Commerce yesterday recommended to the Board of Harbor Commissioners that the municipal cotton compress at the harbor be leased and placed under private operation in order to get away from certain difficulties in connection with municipal operation. The harbor affairs and foreign trade committee of the chamber first went on record as approving of the leasing plan, and the directors of the chamber have approved of the committee's report. The directors do not intend to take any action until the committee has reported on the leasing plan, but they are confident that the harbor commission will "get together with the cotton interests in order to solve the present difficulties."

The Board of Harbor Commissioners is already working on the leasing proposal, as the compress while at present in developing the harbor as a cotton shipping port, has been operated at a financial loss to the city.

Gerald Fitz Gerald, vice-president and general manager of the Los Angeles Union Terminal Company, is now conferring with the cotton shippers to ascertain their recommendations as to the improvements needed at the compress and is expected to submit a definite leasing proposition to the board next week.

The reasonable rates charged for cotton compressing and storage at the harbor have been a tremendous factor in building up the cotton shipping business at the port and have also been a source of contention for growers, especially in the Imperial Valley, from whom prices for handling cotton. The harbor board is determined that these reasonable rates and that this protection be maintained until any leasing proposition approved by the board.

BURCH JURY REPORTED 8 TO 4 FOR ACQUITTAL

Hope for Verdict Foreseen;
Mentality Will Not Halt Trial of
Madalynne, Says Woolwine

Five hours of deliberation the eight men and four women comprising the jury upon whose verdict depends the fate of C. Burch, charged with the murder of J. Belton, were locked up for the night in a downtown hotel.

SUSPECT IN "BEBE" PLOT CASE HELD

Film Actress Declines to
File Charges; Men's Sanity
Questioned

As the result of what was reported to be an attempt to "bump off" Bebe Daniels, screen star, at her home on Thursday night, a man giving the name of Charles Caprice was held yesterday in the psychiatric ward of the County Hospital for observation as to his sanity.

The man was taken into custody by Deputy Sheriff Cooper and Jones at Miss Daniels' home, 221 West Adams street. The deputies went there upon the call of Special Deputy Sheriff Clyde Alving of Santa Ana.

To the deputies Caprice told a rambling story of a man he called "Pete McNamara," whom he met in San Francisco. He said McNamara offered him \$15 to "bump off" Miss Daniels, but that she was not to be harmed.

Caprice declined to swear to an insanity complaint, and the man is being held for observation.

Caprice was taken to the County Hospital for observation as to his sanity.

Kern County Inquisitors
Submit Findings

Public Officials Warned to
Repudiate Society

Recommendations Approved
by All Members

BAKERSFIELD, May 18.—The Kern county grand jury tonight returned its first and partial report in the investigation of the Ku Klux Klan here. The report was filed with Judge Harvey of the Superior Court.

This is the first grand jury report on a Ku Klux Klan investigation returned in the United States.

The inquisitorial body recommended that public officials who are members of the Ku Klux Klan should publicly repudiate affiliations with the Klan or be removed from office.

The jury also found that it is "impossible for an officer in any branch of our country to be faithful to his oath as an official and to the Klan oath," as published in the report.

The Klan is branded "a menace to the peace and welfare of the people of the State of California, and particularly to the people of the county of Kern."

Among the findings cited by the inquisitors was one charging that "public officials of the county were present when such outrages were reported," referring to regular meetings of the local Klan and outrages that were committed by gangs of hooded and robed night riders.

Upon filing the report with Judge Harvey, the grand jury adjourned until next Tuesday.

Reference was made in the report to an attack by night riders on a man who was hanged by the neck, ropes with ropes and cut in the back with knives. This case was said to be that of Dr. D. R. Mason, Tuff physician, who was found by her own hand.

Klan, John H. Vialla is held in jail here under an indictment charging him with complicity in the Dr. Mason attack.

Evidence is cited by the grand jury which proves conclusively, the jury avers, that certain outrages actually were discussed at regular meetings of local Klan.

MANY REMINDED
The jury says that in gathering evidence upon which to base indictments and prepare recommendations, many witnesses were examined, including Klansmen, Cyclops and similar officials of local Klan.

The partial report was turned over by C. A. Melcher of Meridian, foreman of the grand jury, to the Superior Court Judge Harvey, in the presence of fourteen members of the grand jury, including Dr. D. R. Mason, Tuff physician, who was found by her own hand.

Foreman Melcher informed the court that the report was passed on unanimously by the grand jury.

Miss Alden was employed by a local broker. The man, 23 years old, worked in a bank. The police are searching for him.

LONG BEACH, May 19.—Signal Hill's thirty-seventh producing oil well came in today. It is the Interstate Oil Corporation's No. 1 well on the Signal Hill.

Oil sand to a depth of 514 feet was penetrated. The land is owned by Ralph Goddard, local "reality" dealer, who already is drawing large royalty checks from other Signal Hill acreage he possesses.

In the meantime, detective attached to the District Attorney's office were shaping up evidence to be presented to the grand jury today. Capt. Coburn is due here Monday and may be one of the first witnesses called when the inquiry is resumed.

A representative of the Department of Justice, working out of the Federal office in Phoenix, arrived in Los Angeles yesterday and conferred with Dep. Dist. Atty. Turner regarding documents now in possession of Dist. Atty. Woolwine.

The Federal grand jury in Phoenix, Mr. Turner was advised, is making investigation of the Klan's activities there.

Chief of Police O'Brien and Police Commissioner Mahony of San Francisco were among visiting officials at the District Attorney's office yesterday. Dist. Atty. P. Nelson of Orange county was also a visitor. He and the San Francisco officials examined some of the Klan records obtained in the recent sensational raid upon the local office of Grand Gobin Coburn.

A military funeral for Private Ray M. Clementson, who was killed in action in the Meuse-Argonne offensive, will be conducted tomorrow at the chapel of Pierce Brothers, Eighth and Flower streets. Private Clementson, a member of Co. H, Third Hundred and Fifty-seventh Infantry, Ninth Division, was killed on Sept. 17, 1918. He leaves his mother, Mrs. Andrew Clementson, of 2445 South Flower street. The services will be in charge of the American Legion. The body will be placed in a vault at Grand View cemetery, Burbank.

BAKERSFIELD, May 18.—The Kern county grand jury tonight returned its first and partial report in the investigation of the Ku Klux Klan here. The report was filed with Judge Harvey of the Superior Court.

This is the first grand jury report on a Ku Klux Klan investigation returned in the United States.

REDUCTION IN ELECTRIC RATES MADE BY CITY

Former Consumers of Edison Company Will Benefit by New Cut Effective at Once

The Board of Public Service Commissioners yesterday afternoon reduced the rates charged for electric light and power to the 120,000 former consumers of the Southern California Edison Company in Los Angeles to the municipal charges, which, the board stated, would result in a saving on bills to these former Edison consumers of \$600,000 a year, or an average reduction in each bill of between 11 per cent and 12 1/2 per cent. The reduction was made possible by the purchase by the city last Saturday for \$12,000,000 of the Los Angeles distributing lines of the Edison system. The reduction in rates becomes effective at once.

The city had, before the purchase of the Edison business, about 12,000 customers on its own lines, and the rates they paid were between 11 and 12 1/2 per cent lower than that charged the Edison consumers. The action taken by the board yesterday equalizes the rates.

OWN COMPETITION
With the taking over by the city of the Edison lines and business in Los Angeles, the only competition the city now has in the electric light and power business in the Los Angeles Gas and Electric Corporation, but the city now has on its books two-thirds of the total Los Angeles electric light and power consumers.

The city rates are \$2 per cent lower than the average rates charged by the Pacific Gas and Electric Company in San Francisco and approximately 13 per cent lower than the average rates charged by the Los Angeles Gas and Electric Corporation, to its electric consumers in this city.

The Edison company had a minimum charge of 75 cents a month to electric light and power consumers, but as a result of the action taken by the Public Service Board, the former Edison consumers will now pay the city's minimum rate of 60 cents a month.

Commercial and industrial users of electricity in Los Angeles on the former Edison lines will be among the largest beneficiaries under the reduction of rates on account of the large quantities of light and power that they use.

NEW RATES GIVEN
The city rates for electricity, which now will be paid by the former Edison consumers, who have been automatically taken over by the city, are as follows:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

Under the old Edison rates consumers paid:

For the first 100 k.w.h. 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; for the next 100, 4.4 cents per k.w.h.; and all in excess of 400 k.w.h., 3 cents per k.w.h.

PRESIDENT OF BARKER FIRM BURIED

Friends Pay Last Tribute
to Prominent Business
Man at Hollywood

Borne by business associates who had worked with him while he was executive head of the firm of Barker Brothers, the body of W. A. Barker, whose death occurred last Wednesday evening, was laid to rest in Hollywood cemetery yesterday morning.

The pallbearers were F. A. Barnes, J. W. Beam, F. K. Colby, J. H. Beatty, J. E. Withers and F. M. Brown. The honorary pallbearers were Gil Freche, J. A. Farrell, O. Arboest, O. C. Whistler, Frank Teras and C. J. Engelbrecht.

The funeral services, which were conducted at the residence, 2100 West Adams street, were attended by hundreds of friends of the family. Scores of floral offerings of rare beauty and artistic design were received from individuals and from business firms in Los Angeles and many other cities of the Southland.

In charge of the services at the home was Dr. L. M. Idelman, rector of the Episcopal Church at Covina. The regular Episcopal funeral service was read by Dr. Idelman, who also spoke briefly of the sterling character of Mr. Barker and of his beneficial influence in the business world and the social and religious life of Los Angeles.

Expressions of condolence were received by the bereaved family yesterday, not only from Mr. Barker's friends in California, but from former business friends and associates in various parts of the United States.

EMPIRE DAY SERVICE
The annual Empire day service, under the auspices of the Daughters of the British Empire in California, will be conducted at 7:30 p.m. Sunday in the Scottish Rite Cathedral, 229 South Hope street. The speaker for the occasion will be Rev. William MacCormack, dean of St. Paul's Pro-Cathedral.

County to evolve metropolitan highway system. Widening of streets and building of connecting links embraced in comprehensive plan to short-cut, revolutionize and simplify city's traffic routes.

This story, with official map, which is of direct concern to more than 100,000 automobile owners, is only one out of several hundred important and carefully gathered items of news which will appear in tomorrow's mammoth edition of the Sunday Times, containing, all told,

County to evolve metropolitan highway system. Widening of streets and building of connecting links embraced in comprehensive plan to short-cut, revolutionize and simplify city's traffic routes.

One Girl--Not in Uniform, is Police Aide

Chief of Police Oaks has asked for more men. Detective Sergeant J. L. Curtis with the good of the department at heart had good intentions, but it was a girl!

The welcome stranger in the Curie home at 4127 Cumberland street, Betty Louisa, arrived at the Angell Hospital at 1 a.m. yesterday, seven pounds of good nature. The mother, Mrs. Elizabeth Curtis, was reported during well.

Mrs. Curtis was a nurse at the Receiving Hospital for four years. Detective Curtis is working in the identification bureau at Central Station.

Principal in Tragedy
Miss M. A. Alden, who shot herself through the heart after a quarrel with Fred Green, shown below.

SEEN
THINGS
M. M. M. spied a placard in a "help yourself" grocery in Glendale which declared: "Please use our baskets to carry your goods to market's door, but not take them from the store." But what are the hungry kiddies at home to do?

B. D. L. made a cloud of dust getting to the furniture store which advertised an article thusly in all its local papers: "The day's work is in the graceful kidnap style with gently curving seat. Soft, rolling back, comfortably rolling arms and loose cushions." Great for the tired business man.

S. H. student in many languages, recently delving in handgrips, found this sign on the window of a furniture emporium in the south-eastern district: "Carpet, Mahogany, Secondhand, Frigidaire, Old Bunk Bed." Sam spied it first.

E. E. T. clips the following as an example of the inspired real estate man: "Hitting on all sixes. The house is magnificently furnished with marvelous trappings. All you have to do is move your trunk, cook your meals and feed the chickens while waiting for the oranges to ripen." Quick, Watson, the needed!

WHAT DID YOU SEE?
Romantic Past of Los Angeles Told in Dance

The romantic past of Los Angeles was unfolded in a colorful pageant presented by the pupils of the Sixty-first-street School before a large audience last night.

The story of the founding and growth of Nuestra Señora de Reina de Los Angeles, as the metropolis of the Southwest was known in its infant days, was told in song and dance by the future citizens of the city grown from a small pueblo to the Los Angeles of today.

The pageant was presented on the Figueroa-street lawn of the school. Traffic on the street from Sixty-first to Sixty-second streets was blocked off and set placed in the block.

The pageant was staged by Nancy L. Barza, dancing director, and headed Blum, musical director of the school, under the general supervision of Mrs. Margaret H. Roth, the school principal.

The costumes, songs, dances and settings were prepared and executed by the pupils. The scenes depicting the Fiesta and "Buraka's Diffs to Uncle Sam" were received with great applause by the audience.

CYCLIST KILLED

Boy Who Slides Under Truck Dies
at Hospital

Francis Hone, 15 years of age, of 1311 North Bronson street, who was severely injured yesterday afternoon when the bicycle he was riding collided with an automobile truck at the intersection of Sunset Boulevard and Beachwood avenue, died last night at the Children's Hospital in Hollywood.

The body of the boy, who was a resident of 4316 Lockwood street, is being held for observation.

Caprice was taken to the County Hospital for observation as to his sanity.

Coburn is to Testify Upon Arrival Here

William S. Coburn, Grand Gobin of the Pacific Division of the Knights of the Ku Klux Klan, was speeding toward Los Angeles last night following his conference with Imperial Wizard Simmons in Atlanta regarding the grand jury investigation here and the Ingleswood raid. Capt. Coburn left New Orleans last night, according to the information received by Paul Barkdale, D.O.R. attorney for Capt. Coburn and the Ingleswood raiders.

In the meantime, detective attached to the District Attorney's office were shaping up evidence to be presented to the grand jury today. Capt. Coburn is due here Monday and may be one of the first witnesses called when the inquiry is resumed.

A representative of the Department of Justice, working out of the Federal office in Phoenix, arrived in Los Angeles yesterday and conferred with Dep. Dist. Atty. Turner regarding documents now in possession of Dist. Atty. Woolwine.

The Federal grand jury in Phoenix, Mr. Turner was advised, is making investigation of the Klan's activities there.

Chief of Police O'Brien and Police Commissioner Mahony of San Francisco were among visiting officials at the District Attorney's office yesterday. Dist. Atty. P. Nelson of Orange county was also a visitor. He and the San Francisco officials examined some of the Klan records obtained in the recent sensational raid upon the local office of Grand Gobin Coburn.

A military funeral for Private Ray M. Clementson, who was killed in action in the Meuse-Argonne offensive, will be conducted tomorrow at the chapel of Pierce Brothers, Eighth and Flower streets. Private Clementson, a member of Co. H, Third Hundred and Fifty-seventh Infantry, Ninth Division, was killed on Sept. 17, 1918. He leaves his mother, Mrs. Andrew Clementson, of 2445 South Flower street. The services will be in charge of the American Legion. The body will be placed in a vault at Grand View cemetery, Burbank.

BAKERSFIELD, May 18.—The Kern county grand jury tonight returned its first and partial report in the investigation of the Ku Klux Klan here. The report was filed with Judge Harvey of the Superior Court.

This is the first grand jury report on a Ku Klux Klan investigation returned in the United States.

The inquisitorial body recommended that public officials who are members of the Ku Klux Klan should publicly repudiate affiliations with the Klan or be removed from office.

The jury also found that it is "impossible for an officer in any branch of our country to be faithful to his oath as an official and to the Klan oath," as published in the report.

The Klan is branded "a menace to the peace and welfare of the people of the State of California, and particularly to the people of the county of Kern."

Among the findings cited by the inquisitors was one charging that "public officials of the county were present when such outrages were reported," referring to regular meetings of the local Klan and outrages that were committed by gangs of hooded and robed night riders.

Upon filing the report with Judge Harvey, the grand jury adjourned until next Tuesday.

Reference was made in the report to an attack by night riders on a man who was hanged by the neck, ropes with ropes and cut in the back with knives. This case was said to be that of Dr. D. R. Mason, Tuff physician, who was found by her own hand.

Klan, John H. Vialla is held in jail here under an indictment charging him with complicity in the Dr. Mason attack.

SIGNAL HILL BRINGS IN NEW WELL

Thirty-seventh Producer
is Flowing at Rate of 1100
Barrels a Day

LONG BEACH, May 19.—Signal Hill's thirty-seventh producing oil well came in today. It is the Interstate Oil Corporation's No. 1 well on the Signal Hill.

Oil sand to a depth of 514 feet was penetrated. The land is owned by Ralph Goddard, local "reality" dealer, who already is drawing large royalty checks from other Signal Hill acreage he possesses.

In the meantime, detective attached to the District Attorney's office were shaping up evidence to be presented to the grand jury today. Capt. Coburn is due here Monday and may be one of the first witnesses called when the inquiry is resumed.

SOLDIER KILLED in France Will be Buried Here

A military funeral for Private Ray M. Clementson, who was killed in action in the Meuse-Argonne offensive, will be conducted tomorrow at the chapel of Pierce Brothers, Eighth and Flower streets. Private Clementson, a member of Co. H, Third Hundred and Fifty-seventh Infantry, Ninth Division, was killed on Sept. 17, 1918. He leaves his mother, Mrs. Andrew Clementson, of 2445 South Flower street. The services will be in charge of the American Legion. The body will be placed in a vault at Grand View cemetery, Burbank.

PEN POINTS

Another thing, how many are there to the K.K.C.?

Our idea of nothing new in the calendar that the former has gone crazy.

It is a serious question whether Uncle Sam would enjoy himself if he did go to The Hague.

Gen. John J. Pershing has been made a Doctor of Laws by the University of Montreal. That is "gilt."

Over in France they are celebrating with a straight jacket and a pair of handcuffs.

The way in which the press of Liberty keeps on coming out with the Harding administration.

A motor has fallen in the water, and the body of a man was found in the water.

We presume Gov. Stephens is making a tour of the coast, and is as yet to get used to the sea.

Mary Garden has joined the National Women's party. How is she getting on as an impression of a grand opera, out of a string of nerves?

It will be interesting to see what happens to the defendant in the case of the "day of the dog" or a similar case, in boiling oil.

It is likely that much of the feeling in this country against Russia has been caused by the value of the famous battle of Marston and others.

What is to be known as the "Lewy" case, which has been organized in Los Angeles, and is more than 125 members. An attorney for bootleggers.

Fishermen are reporting sharks off the Lower California coast. This is quite a new thing, as sharks were all in the lower part of the world.

It is now possible to live in the United States for a dollar a day, and this includes everything, that is not enough attraction to make us want to live in the States.

Getting right down to it, there is no country in the world where the return of the money is so good as in the United States.

It isn't exactly fair. A few men wear fringes on the bottom of their dresses, but if a fellow wears one at the bottom of his pants, it is ruled off the corner. It is a square deal.

The birth of Japanese children in California the past year numbered the whites more than three to one. The trouble with the white wives, they really have no time to bear children. To the eternal shame be it said.

Td Bahr Roth, greeting: "Over and give Kenneth Williams a shout in the limelight as a householder. The Williams family something in the background of the class who has been in the limelight of the Times for the uttermost parts of the earth, sport organ the past ten years."

It is none of our business, but seems that Rodolph Valentino, whose real name is nothing of the kind, has violated the law by being married within the year of his interdictory decree of divorce. It is going to be a case of the motion-picture player, and this is true, but it has been a long time and time again, and so the question ever followed. But the law was plainly violated.

Cot. Frederick Van Ness, Dey, better known as "Nick" (ter), wrote millions of words like the late O. Henry (or Stanley Porter), was "The Magic Story," that is, a high note in the hall of literature. Dey shot stories in his younger days he often wrote three Nick Carter stories a day, and he got \$100 to pay the expenses of his family. Dey shot himself in his last letter he wrote to his wife and—there is no such place in sight. Millions of youth in this country have read the Nick Carter stories.

DOING TIME IS NOT DESERTING

Judge Holds that Man in Jail Stays Involuntarily; Divorce Denied

"If a man is arrested and put in jail, that is not desertion because it is not a voluntary act. If it can be shown that after being released from jail he then failed to return, it might be a case of action on the ground of desertion," stated Judge Hahn yesterday.

Mrs. Edna Frances Lewis sought a divorce from Dennis J. O. Lewis in Judge Hahn's court yesterday, declaring that she was married at noon and her husband arrested at 5 o'clock the same evening. He told her the following day he had no idea on what charges he had been arrested. Mrs. Lewis sued on the ground of desertion and the court, after making the above statement, continued the case to enable her to file an amended complaint charging cruelty or use for annulment on the ground of fraud.

WEDNESDAY MORNING.

200 For A Name

Chance for Every Man, Woman and Child to Win a Prize

We are going to put on the market a high grade ice cream made from a secret formula containing absolutely pure ingredients. A name is wanted for this ice cream—a short name of one or two words. For instance: "Superba," "Country Club" or some word or words significant of this particular product.

Get Busy and Win \$100

Prize cash prizes as follows: For the first best name, \$100; next five best, \$25 each; next five, \$10 each; the last ten, \$5 each. In selecting a suitable name for this ice cream has the following main conditions:

1. It is wonderfully delicious. It is also very fresh.

2. It is positively sanitary, made in a modern, daylight factory, the best in the West. It is not touched by human hands. It is not touched by anything but the most perfect machinery.

3. It is for any of these prizes, the parties taking will receive the amount of the prize.

Mail Coupon Before June 10th

Prizes of the contest will be the Advertising Manager of the Los Angeles Times, Herald, Examiner and Register.

BOOTLEG MILK IN GERMANY

Whisky Traffic of America Has Rival

Teuton Money Depreciation Told by Speaker

Castle on Rhine Now Worth About \$300

BY MYRA NYE

Bootlegging in milk has grown as serious in Germany as whisky running in America. Charles Upson Clark, world traveler and student of economic conditions, told members of the Friday Morning Club yesterday in speaking on "The Current European Situation."

In Germany today any one who gets more than a pint of milk a week must have a physician's certificate. A friend of Mr. Clark who lived in Offenbach was told by the family doctor that his daughter had been infected with tuberculosis. She must have milk. He readily signed the certificate, but the authorities even then refused to give additional milk, intimating that the father was rich enough to bottle-feed.

To have his child the father did better to buy milk against his will, for he was a law-abiding citizen. He paid an up-country farmer an enormous sum of money to smuggle two quarts of milk to him three times a week. In addition to the price of the milk he paid the car fare of the farmer to and from Offenbach and paid for the work in bringing it. He was not wealthy.

MONEY AT LOW EBB

That such conditions in a paternalistic government, and similar conditions in Central Europe where law-breaking is constantly encouraged or made a necessity are a menace and one of the great causes of unrest in Europe today, was one of the conclusions of the speaker who early this year made an extended tour of the continent interviewing prominent statesmen, bankers, professional and business men. During the war Mr. Clark was recognized as one of the best informed and most useful of the American investigators and government workers in Europe.

To illustrate the striking depreciation of money in that country Mr. Clark stated that an account he has in a Frankfurt bank that was worth \$15, a sum he had left there to draw to pay for books he needed, is now worth just 17 cents. A seven room apartment for which he paid \$12 a year before the war could now be leased for \$4 or \$7 and a castle on the Rhine could be bought for \$100.

"But who wants to live in a castle on the Rhine?" challenged the speaker.

The argument presented by many today that industrial conditions are not so bad as is generally supposed, that the income from certain factories in Germany has been doubled since the war, is a dangerous fallacy, Mr. Clark stated. Even those who have heard of the lessening value of the mark do not realize how great is the depreciation. An example of this Mr. Clark gave. The income of a friend in Frankfurt whose factory yielded him an income of 29,000,000 marks before the war, an equivalent of \$5,000,000. Now he receives twice as many marks but that sum of 49,000,000 must be divided by seventy to estimate its dollar value.

CHEAP LUNCHES

During his stay in Frankfurt Mr. Clark often took the editor of the Frankfurt Zeitung out to lunch with him, the wife of the editor accompanying them. He paid 45 cents for the three meals which he said was a bargain for him in return for the accurate information he received from both the man and the woman. The former, he said, was a distinguished scholar and scientist, who could speak seven languages and his wife was famous as a sculptor and artist. Their combined income was \$15 a month, so the lunches were a God-send to him. He was a lecturer of note as public men in Frankfurt frequently are. He had to lecture eight times before large and interested audiences to earn the price of a pair of shoes for his son. This was during the current year.

In Austria the average professional man now is spending 85 per cent of his income for food with extraordinary discrepancies in prices. For a steamer rug he paid 40,000 crowns or kronas, and 1000 for a cab to take him a very short distance when he left the country.

In similar, intimate, firsthand way Mr. Clark reviewed the conditions in Rumania, Poland, Czechoslovakia and Russia. In Rumania conditions are better than elsewhere because 85 per cent of the men are farmers and farmers have wealth. The industrial countries suffer most after a war. The fact that Russia is a farming country may prove her salvation, he stated.

A friendship with the Ambrosian librarian at Milan, a "Doctor Rattil," that lasted through eighteen years, both Mr. Clark and the "Doctor" being scientists, students in the same line, culminated in a friendship with the Pope who now resides in the Vatican.

Mr. Clark spoke of the fine mental attainments of the present Pope. Most significant of all facts in relation to the Pontiff, Mr. Clark said, is the fact that during all the years he had known the prelate he had been working for a reunion of the Greek Orthodox church and the Roman Catholic. This fact in relation to the present well-developed movement to unite the Greek Church with the Church of England is deeply significant, according to the speaker.

With Mrs. Andrew E. Lobinger presiding as toastmistress at the luncheon hour the speakers introduced were: Miss Isabel B. Behler, teacher of domestic science in the University of California, Southern Branch, and Harvey Hadlock, who spoke on the Passion Play at Oberammergau.

The latest report made by Mrs. Lobinger of the finishing fund is the raising of \$20,000 since the beginning of April.

A picturization of "Yellow Men and Gold," by Gouverneur Morris, will be shown at the California Theater starting Sunday.—Advertisement.

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health," with Key to the Calorie

COSMETICS

This is no beauty column only so far as that which makes for health, contributes to beauty. And that is some contribution. In fact, everyone knows that without health there can be little physical beauty. That gives us the motive for our talk today.

Thank goodness, it is not now considered a sin to put a bit of powder on our nose or a bit of rouge on our cheeks if we need it.

There are some who look better with no color in their faces. I know a few whose pallor makes them look distinguished and terribly interesting, but the majority of us look like invalids without some color.

Personally, (I shall do a lot of personalizing, for I think you will want me to,) personally, when I lost a high blood pressure, I lost a beautiful flush along with it. But until this confession, no one has known of that fact. I still have a beautiful complexion, noted for it, I attended an art school at one time in my varied career.

When I was in private practice, many times my prescription for some delirious woman patient, was some suggestion for mental control, a pot of rouge and a new corset, correct model, correctly put on.

Of course, that was after a thorough physical examination to exclude organic trouble. The corsets I did not keep in my office, but I did keep some rouge and oftentimes have I put it on these patients to show them the immediate effects.

Now, I do not have to tell you how much we are affected by our color, how much we are affected by our color.

looka. There is a psychology, deep and profound, in the effects of looking our best. If perchance we do not look very well we have all the candid friends who tell us how peaked we look, aren't we feeling well? And Gosh! while we had felt well up to that time we then take a look at ourselves and decide that we are sicker'n a weed-alcohol victim.

But it is especially important while reducing (counting calories) that we look our blondest, for at that time we have many things to contend with.

Among them, perhaps, are our husbands, who tell us that they do not like thin women, or our wives who tell us that the proper shape for a perfect husband is that of a porter penguin; our relatives who tell us that we look old, we looked better as we were; and our friends who tell us chummy tales of someone they knew who reduced and who shortly after joined the celestial choir.

However, if you are looking well, you are not nearly so apt to hear these things and if you do, you must not let them worry you. If you reduce as I have directed, you are not going to look any older, and you are not going to take your hair lessons prematurely. At least not from the effects of your reducing.

However, in order to keep your intentions firm for this thing, which is going to mean so much for your health and happiness and service, see to it that you look well!

If necessary, get some rouge. The carmine vegetable coloring which I have used in the groceries for color-

HOUSEHOLD SUGGESTIONS

Low Ceilings
Rooms with low ceilings will appear much higher if curtains hang straight to the floor.

Perseverance Stains
Sponging with lukewarm water is the only remedy for perspiration stains on colored silk.

Conserving Energy
Cotton crepe table napkins are a convenience in the summer cottage, as they require no ironing.

Lessen the Laundry Bill
To avoid giving out fresh napkins at every meal, write each name on a spring cloth-pin and pin to the napkin.

An Apple Pie Improvement
A tablespoonful of freshly-made coffee added to the apple pie just before baking will give it a most delicious flavor.

Eggs for Cooking
Cold-storage eggs will lose their

ing candles and pastries is harmful. Get a tube or jar (about an ounce) of that and mix it with a pint of witch hazel and you have a tincture that will last you for life.

Now, also get one of those magnifying hand mirrors, with a magnifying glass on one side and an ordinary mirror on the other. Take your magnifying mirror and go to a strong white light and apply lightly and blend it in clear back behind your ears. See that there are no lines of demarcation. Dust a good grade of powder (Rachel tint is the best for most skins) over all. Do your hair becomingly, put on a becoming hat and veil, and blossom forth. Of course, please write me now, how much

objectionable odor of mustiness if opened the night before using.

A Clean Stove
Try painting the gas stove with silver enamel paint twice a year. It will keep the stove in good condition, save blackening, and no smears will come off on your clothes.

Nutcrackers vs. Wrenches
The common nutcracker makes a useful little wrench for cans and bottles with screw tops. Even glass stoppers will yield to it.

Sugary Molasses
If molasses in a pitcher had turned to sugar, set the pitcher in hot water for a few minutes and it will soon be restored to its former consistency.

When Serving Halibut
Serve planed halibut in a border of mashed potatoes with strips of broiled bacon and garnish with slices of tomato, lemon and sprigs of parsley.

You have lost and how you feel, and look. Make it snappy. Monday—En-barrasing Moments! (Copyright, 1922, George Matthew Adams.)

SCIENCE LEADER GIVES LECTURE

John Sidney Braithwaite in Address Here

Health Found in Bible Study, He Asserts

Last of Lecture Series Are Delivered

John Sidney Braithwaite, M. A., C. S. B., member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, delivered the last of a series of lectures on Christian Science last evening at the Fifth Church of Christ, Scientist, here. The lecturer spoke in part as follows:

"Perhaps the most important thing that Christian Science does for the real truth-seeker is that it gives him back his Bible."

"It is through this very study of the Bible in conjunction with the Christian Science key that one finds a new health, and a true sense of what health really means. And also one begins to learn something about self-government, and self-government brings with it a sense of authority, the authority which comes of right thinking."

"Christian Science explains to us that in the life of Christ Jesus, the Master, that created the Universe, and keeps it going, was become articulate in human expression, that all false belief and materialism, knowing its hour was come, literally quailed before him."

PRIZE TO THINK

"Christian Science says if you want to be free to do your own thinking for yourself, you must know how to subordinate the evidence of the corporeal senses. When once you admit the proposition that, in order to gain spiritual vision, you must rise above the evidence of the senses, it will not be long before you are ready to admit that the corporeal senses are the only source of evil, because you will see that it is they, and they alone, that stand between you and your realization of man's heritage of freedom—health, harmony and immortality."

"So clear was Jesus' perception that sin, disease and death are the outcome of false impressions regarding life and substance that he could heal with a word all kinds of diseases, and even raise the dead. Finally, he himself faced the darkest phase that human experience can offer—a cruel death with every man's hand against him—and triumphed completely over it in the experience known as the resurrection, thereby annulling man's strongest claim—the claim to be able to kill God's children. That was his atonement, his proof that God's child lives free from the so-called law of sin and death, his proof of man's atonement with the divine Mind."

"There is nothing to show that Jesus was an ascetic. On the contrary, he seems to have been a very normal person in all matters to do with eating, drinking, clothing and resting. Yet no one will deny that he was the most unselfed man that ever lived."

"Now it goes without saying that we cannot hear what anyone is saying to us if our thoughts are busy with something else, and nothing can we receive the Christ communion if we are wholly preoccupied with self and the body. And this brings me to my point, namely, that keeping the body under, bringing it into subjection, does not mean starving it or belittling it or anything of that kind, but it does mean dropping it out of thought—forgetting it—subordinating the evidence of the senses, whether it takes the form of pleasure or pain in matter, denying self and false appetites, and listening for God's message to man of life, truth and love—i.e., for those spiritual realities which are the true heritage and birthright of every one of us, but which the corporeal senses conceal from our view."

BEST WORK OF ALL

"And so you see when we speak of working in Christian Science, we really mean that mental effort that is needed in order to subordinate the evidence of the senses to the true facts of being."

"You will sometimes hear it said that Christian Scientists deny the divinity of the Christ, but surely it would be hard to find a statement clearer from the truth than that Jesus revealed to man the divinity or godlikeness of the true idea of man, and that was his divinity because he lived it and proved it in his daily life, and so it will be our divinity when we live it and prove it in ours."

"That is why work in Christian Science is the most constructive form of mental activity, because Christian Science is offering to us the truth about God and man in a form that we can both understand and demonstrate."

"According to Christian Science, disease is not a law of God. It is not a law of anything, on the contrary, the law of God heals disease and is to be found in company with the true idea of man, that idea which Jesus taught, and demonstrated."

"Christian Scientists have no quarrel with the doctors or with anyone, but they do believe that the notion that in order to understand health you must be a student of disease, has proved fallacious and very costly to the community. You might as well expect a gardener to spend his time studying weeds, or an astronomer the clouds. Investigation of disease has enormously increased the number of diseases. The study of health means the contemplation of that which is governed by law and law is mental and moral, never material."

"The raising of the standard of living has improved health conditions and will continue to do so, but this is due to common sense and a higher morality, not to drugs or inoculation."

"Self-government does not, of course, mean just having your own way in everything. 'Man is properly self-governed,' writes Dr. Eddy (Science and Health, p. 104), 'only when he is guided rightly and governed by his Maker, divine truth and love.'"

"To the degree that a man finds the truth in Christian Science, the law of God enters into his heart, and he becomes a representative of principle. Basing his life on the new commandment and the Golden Rule, he finds himself naturally impelled to uphold law and order and to aid in the election of disorder or lawlessness. He becomes more compassionate and willing to share his new-found freedom with those who are suffering from a false sense of law, that is, from disease or sin, or limitation. He knows that what has healed him can heal others and he gladly brings to their notice the fact that the Christ method of healing is here on earth today, and that it is

DAY-OLD CHICKS SENT HARDING

Home Town Parcel Post

WASHINGTON, May 19. Acting Postmaster-General Bartlett received word today from Postmaster French Crow of Marion, O., that 100 day-old chicks were on their way by parcel post to Washington for presentation to President Harding.

Mr. Bartlett said the chicks would be sent to the White House immediately on their arrival from the President's home town and that they probably would be permitted to reveal about the White House grounds temporarily along with Laddie Boy.

to be found embodied in the textbook Science and Health, to which all may have access."

TRAFFIC POLICEMAN INJURED IN ACCIDENT

Traffic Officer George A. Thomas, 5312 Crocker street, was knocked from his stand at Seventh and Hill streets and injured yesterday when a pedestrian jumped on the blind side of a street car. The officer narrowly escaped falling under the wheels of the car. He was attended at the Receiving Hospital for bruises and may have a fractured rib.

Louis Hoffman, 1114 South Jane street, was asserted to have boarded the street car from the wrong side.

Commission Weighing Case of Miss Jones

The Civil Service Commission yesterday took under consideration the letter from Dist. Atty. Woolwine giving his reasons for dismissing Miss Ida Wright Jones from his employ.

The commissioners would not indicate what, if any action, would be taken in the matter. The only apparent point is that the commission would either have to approve or disapprove of Mr. Woolwine's action in dismissing Miss Jones, which was based on the report that she was preparing to sell an affidavit to his political enemies for \$10,000 to the effect that she had been intimate with him.

Miss Jones has not petitioned for a hearing looking to her reinstatement. She was not represented at the meeting of the commission yesterday.

Motor Stages Announce Cut in Trip Fares

Reduced round-trip fares on all motor stages operating between Los Angeles and Taft, Bakersfield and San Diego have been announced by the Motor Stage Company, of the Union Stage Depot, Fifth and Los Angeles streets. The round-trip tickets are limited to thirty days. The fare from Los Angeles to the cities adjoined are:

To Bakersfield, \$9; to Taft, \$11.50, and to San Diego, \$13.50. The northern trip is made over the celebrated Ridge Route.

A picturization of "Yellow Man and Gold," by Governor Morris, will be shown at the California Theater starting Sunday. (Advertiser)

Many Strawberry Recipes in
Column This Week

Maple Parfait is Delicacy
Simple, Inexpensive

(Continued from Sixth Page)

teaspoon of soda. Add gradually one cup of sour cream, the well-beaten yolks of three eggs, and four tablespoons of melted butter. Beat well and add the stiffly-beaten whites of three eggs. Bake on a hot waffle iron.

OATMEAL FRUIT CAKE
A. M. J. city, asks for a fruit cake that will keep for a long time made with dried fruits and oatmeal. Beat to a cream one cup of butter with one and a quarter cups of sugar. Beat separately the whites and yolks of five eggs and add four tablespoons of molasses. Stir in slowly half a cup of flour and one cup of oatmeal, mixed with two teaspoons of baking powder, half a teaspoon of ground cloves, quarter of a teaspoon of ground mace, two teaspoons of grated nutmeg, and the grated rind and juice of one lemon. Thoroughly mix half a pound of chopped seeded raisins with half a pound of seedless raisins and half a pound of chopped figs with two-thirds of a cup of flour, and add to the mixture. Grease and line with paper a deep cake tin, pour in the mixture and bake in a moderate oven two and a half hours.

COLONIAL GINGER CUP
A. L. H. Hanford, wants to know if we have the method of preparing two delicious summer drinks. Colonial fruit cup and chocolate parfait amour. If we have these directions she asks that they be published this week.

For the Colonial fruit cup pour one quart of boiling water over one pound of cleaned currents and half a pint of clustered raisins, let this steep for one hour; strain and when cold add one teaspoon of almond extract, half a cup of chopped preserved ginger, the juice of four oranges, the juice of two lemons, two cups of powdered sugar, three tablespoons of grated coconut and half a teaspoon of ground cinnamon. Stir until the sugar is dissolved and place in the ice box until thoroughly chilled. When ready to serve add three bottles of ginger ale and pour into tall glasses filled with shaved ice, garnish with a whole strawberry dipped in powdered sugar.

CHOCOLATE PARFAIT AMOUR
Place two cups of whole milk in a double boiler, heat and when nearly boiling stir in one cup of ground chocolate dissolved with a little milk; add five tablespoons of sugar and cook until thick. Remove from the fire and beat in three well-beaten eggs and one teaspoon of vanilla extract. Place on the ice and when thoroughly chilled beat in two cups of whipped cream, two cups of shaved ice and one quart of a good charged tabbly water. Serve in tall chocolate cups or glasses and top with a spoonful of vanilla ice cream.

CLOTTED CREAM
F. A. D. city, has heard from friends who are in England about the wonderful clotted cream of Devonshire and asks if it can be made here. Unless she has a cow or lives near someone who has it will be impossible to prepare it, as this highly esteemed dish is made by straining the milk as it comes fresh from the cow into large metal pans, which are placed in a cool place for twenty-four hours in winter and twelve hours in the summer; they must not be moved. It is then scalded over a slow fire, the slower the better, the time depending on the weather and the amount of milk to be scalded. It is then allowed to set overnight and the cream is skimmed off. Large amounts of this cream are shipped to London every day and it brings a fancy price.

FRUIT SALAD DRESSING
L. O. R. city, asks for a fruit salad dressing made with fruit juices and whipped cream. Place in a double boiler half a cup of pineapple juice, half a cup of orange juice, and one-third of a cup of lemon juice and heat. Beat the yolks of four eggs very light and add gradually four tablespoons of sugar, add to the heated fruit juices and stir until thick and smooth. Beat the whites of four eggs until stiff and beat into them half a cup of sugar and fold into the mixture in the double boiler. Cook one minute, do not boil. When cold add one cup of heavy whipped cream.

STRAWBERRY WHIP
W. F. city, would like a recipe

A BOOKLET FOR HOUSEKEEPERS

After studying home economics the government has issued a free booklet telling how to clean house efficiently with minimum labor and expense. It also tells how to rid households of such pests as bedbugs, ants, cockroaches and moths.

To secure one, write name and address clearly on the coupon, including 2 cents in stamps for return postage, and send to Los Angeles Times Information Bureau, Washington, D. C. To avoid wrong delivery at Washington, use full address as given. Do not send the booklet to Los Angeles office.

Frederic J. Haskin, Director
Los Angeles Times Information Bureau, Washington, D. C.
I enclose herewith 2 cents in stamps for return postage on free copy of booklet, "Housecleaning Made Easier."

ESKIMO PIE

It's Great!
—but be sure you get the kind that's made with NATIONAL ICE CREAM

Puritan Ham

When "comp'ny" comes or when it's just the home folks, Puritan Ham makes a banquet of a simple meal. The flavor. Try it and know.

THE CUDAHY PACKING COMPANY

GHIRARDELLI'S

—a man's drink

Men whose brains are bread-winners can't afford to tamper with their breakfast drink. Say "Gee-at-dilly" in the morning and you say good-bye to "jumpy" nerves all day. Rich but not too rich. Smooth, satisfying, substantial. A man's drink!

SATURDAY MORNING, MAY 20, 1922

GREEN KAVANAGH RETAINS HER TITLE AS GOLF CHAMPION OF STATE

KENNETT DEFEATED

Champion After Torrid
Round, 3 and 1

Kennett's Long Game
Proves Superior

Woman's Match With
Approaches

The southern opponent
of the champion by remarkable
play, Miss Doreen
Kennett, defeated her title
holder, Miss Kavanagh, 3 and 1,
in the final round of the championship
at Los Angeles yesterday.

Miss Kavanagh played brilliant
golf throughout the tournament,
winning 12 of 14 holes in the
final round, and she was the
only player to make a hole-in-one
in the championship.

Miss Kavanagh's victory was
a surprise to many of the spectators,
who had expected her to be
defeated by Miss Doreen Kennett.

JACK DODGES HARRY WILLS

NEW YORK, May 19.—Jack
Dempsey will not meet
Harry Wills, negro aspirant
for the heavyweight title, at
Montreal on July 1, his man-
ager, Jack Kerna, said today
upon their arrival from Eu-
rope on the Aquitania.

Dempsey could not get in
condition by that time,
Kerna said.

Kerna added that Dempsey
probably would meet a
challenger for the title on
Labor Day. It has not been
decided, however, whether
he will fight in this country
or return to London to meet
George Carpenter on that
date, he said.

DEMPSEY WILL GET MARRIED

Champion to Wed a Fair One
from Denver

Trips Down the Gangplank
Wearing Monocle

Will Head for Los Angeles
in a Day or Two

BY HARRY NEWMAN
(SPECIALIST'S DISPATCH.)
NEW YORK, May 19.—Wearing
a monocle and grinning all over
his face, Jack Dempsey tripped down
the gangplank this afternoon from
the steamship Aquitania, glad to be
back from his short sojourn in
Europe and declaring that he stood
ready to fight any man in the
world, just as soon as he completed
a theatrical contract which will
probably keep him occupied for
six weeks, at least.

POETS DOWNED BY HOLLYWOOD

Footballers Win in Playoff
for Prep Title

Score Favors the Movie City
Men, 7 to 0

Haserot and Ullman Feature
Lively Game

Hollywood High advanced to the
semifinal round in the playoff for
the Southern California prep base-
ball title by thumping Whittier's
hopes yesterday afternoon at Pat-
erson Field, 7 to 0. The Poets
were able to locate O'Brien for
seven hits, but tight fielding on the
part of Coach Ward's proteges pre-
vented these bingles from being
converted into tallies.

Haserot at shortstop and Ullman
behind the bat were the scintil-
lating stars for the movie city
outfit. Haserot fielded his position
perfectly, and aided the cause
by a couple of neat hits. Out of
three times at bat Ullman rapped
out a triple and a double, and his
iron arm prevented the Whittier
base-runners from getting peck-
y.

Kimmick of Whittier started in
the box, but was jerked out in
favor of Hannah when the local
outfit hit him for an assortment of
hits.

The score:
Whittier..... 0
Hollywood..... 7
Batteries: Haserot, Hannah, and Hannah;
O'Brien and Ullman.

CECIL LEITCH LOSES HER TITLE

SANDWICH (Eng.) May
19.—Miss Joyce Wethered,
the British amateur golf
champion, won the women's
open golf championship
here today, defeating Miss
Cecil Leitch, the open title-
holder, 9 up and 7 to play.

Miss Wethered, who is the
holder of what is known as
the closed title in amateur
play, open only to residents
of the British Isles, played
consistently throughout the
tournament. She was 1 up
on the morning round with
Miss Leitch today and, by a
superb exhibition in the
afternoon, effectively wid-
ened her margin and pre-
vented Miss Leitch from es-
tablishing a record for a
fourth consecutive cham-
pionship victory.

Miss Wethered's driving
outdistanced her opponent
and she was markedly su-
perior in her work on the
greens.

Miss Kavanagh's victory was
a surprise to many of the spectators,
who had expected her to be
defeated by Miss Doreen Kennett.

Miss Kavanagh's victory was

SERAPHS SOAK ACORNS TWICE

Take Both Ends of Double
Bill from Oaks

Chief Lindimore is a Hero
With a Triple

Bobby Wallace Wins Himself
a New Home

BY HARRY A. WILLIAMS
Los Angeles went over life's
rocky road by leaps and bounds
yesterday when it triumphed Oak-
land at both ends of a double-
header, 5 to 4 and 5 to 1. This
was the first secular double-header
of the season, all the others hav-
ing been staged on Sunday.

Deep stuff when the Angels
trained at Catalina on a diet of
fish, and then sprung a two-
pronged Friday pastime on Del
Howard. Yesterday's result proved
that it was a mistake when the
Angels battled Oakland to a mere
draw on the opening day. They
were the better team, but it took
them four days to find it out.

Nifty relief pitching by Bobby
Bobby, and a fruitful three-bagger
by Chief Lindimore, laid low the
noble Oaks in the opener. Wallace
beated Hod Eller where Tom
Hughes left off, and now is re-
garded as having won a job on
which to hang his hat permanently.

Oaks will ask for 600 extra pel-
lomen, reads newspaper head-
line. Might beat us with that much
help, as it would mean a lot of
extra bases.

Elmer Fonder and Ray Kramer
provided the pitching in the sup-
per shift. Fonder had the better
support, and was effective in the
pinches. A pair of nubs by Don
Brown, who cracked under the
strain of two games, and failure
of Cather to stop a thrown ball,
aided the Angels into a pair in the
fourth and two more of the same
suite in the seventh. Everything
considered, the Angels yesterday
looked more like some of the
spring pictures painted of them by
the scribes while said scribes were
painting their noses. Whatever
serious trouble the visitors might
have caused us was eliminated by
Twombly's grand running catch on
Brubaker in the sixth.

PLAYERS ABOUND
Nick Harris was being gaily
fitted from box to box. Mr. Har-
ris has become one of our most
prominent social butterflies.

For the space of six rounds in
the eye opener, Hod Eller looked
good enough to beat the Wills six
as he did in 1919. Especially did
the way seem easy for him as Tom
Hughes had been stung for two in
the third, and chased with a two-
run rally in the fourth, necessitat-
ing the somewhat interrupted

(Continued on Twelfth Page)

The Southern California yachting season opens officially today with the annual inspection at the Newport Yacht Club. The upper photo-
graph shows Dr. Solland, with one of the cups he has donated for competition this year, while the lower picture shows George West of the Newport club and two trophies which he presented.

YACHTING SEASON OPENS

Annual Inspection of Newport Club Will Be on
Tap Today

When Commodore Frank Smith,
in his spotless white uniform and
his star above off this morning at
10 a.m. from the Newport Harbor
Yacht Club float, there will be a
stiffening of the various com-
manders and crews of every ship
comprising the club fleet. It is
annual inspection day at Newport
—a day when all ships are in the
neatest and cleanest possible con-
dition—a day when a frayed line,
a scratched deck or a belogged run-
ning light will mean points of dis-
credit to the captain.

For weeks, the masters and their
men have been busy polishing up
decks, running down spars and
overhauling rigging and cloth.

One reason for all this marine
activity is that the owner of the
ship that the committee selects as
the best appearing will receive the
Admiral Solland trophy.

The trophy is a beauty, placed
up by Dr. Solland, shortly before
he left for St. Louis. The Maritime
Medice regretted that professional
duty called him East at one time
of the year when he would like to
be walking the quarter deck of his
flagship Viking IV.

Two other trophies, placed up by
the Newport Club are to be award-
ed to the next two best looking
ships of the larger craft of the
fleet. Another club trophy is up
for the best appearing craft of the
smaller vessels.

A dinner and dance is on for
tonight and the official awarding
of the trophy cups.

E. R. Abbot, secretary of the
Los Angeles Yacht Club, announced
that the first of a series of dinner-
dances is to be held tonight at the
clubhouse at Wilmington. This
will mark the inauguration of what
the Los Angeles Club officials feel
is their greatest yachting season.

Norwalk Loses to Franklin in Play-Off

Bud Teachout pitched Franklin
to another win in a play-off game
for the Southern California base-
ball championship yesterday at El
Monte, beating Norwalk, 5 to 2.

Teachout won his own game by
driving in the two winning runs in
the first inning. He, himself,
scored later in the same inning
and clinched the pastime.

The Norwalk batters out-hit the
Franklin bunch, but Bud kept
their hits scattered, except in the
first and final frames. Norwalk
got ten safe hits, the most gar-
nered so far this year by any team
of Teachout's southpaw slants.

Norwalk started off in the lead
by scoring in the first inning. Af-
ter two men were out, Heath
doubled and scored a minute later
on Moffit's drive to left. The Nor-
walk men got to Teachout for two
hits in each the second and third
frames, but the Franklin chucker
managed to keep them from scor-
ing.

Franklin scored twice in the
second on two singles and a two-
base hit by Plank. In the fifth
Franklin scored again on four
safe hits. The last run of the
game came in the ninth. Heath,
the Norwalk third-maker, tripped
and scored on Schaeffer's sin-
gle.

Old Gotha

To Scrap for
Prep Tennis
Titles

Southern California prep tennis titles for both boys and girls will be up for grabs today, the main event being the annual meet of the Los Angeles Prep Tennis Association, which will be held at the Los Angeles Athletic Club, 1000 Wilshire Blvd., at 10 o'clock.

The boys' tournament will feature several of the best players in the state, including Harold Coffey of Harvard, who is expected to win the title. Coffey has won the title in the past two years and is a very strong player.

The girls' tournament will also be a very interesting one, with several strong contenders. The title will be won by the player who can win the most matches in the best of three sets.

The meet will be a very important one for the players, as it will determine the state champions. The winners will receive a trophy and a cash prize.

PLAYDOM

PLANS RILEY THEME
CHARLES RAY WOULD DO
"GIRL I LOVED" NEXT

By Edwin Schallert
With his picture, "The Tailor-Made Man," Charles Ray is now considering doing a film version of the James Whitcomb Riley poem, "The Girl I Loved," as his next work. Work will, however, not commence on this until he takes a vacation of about two months.

This will be the second poem by Riley to be made into a film. The first, "The Old Swimmy Hole," which was shadowed without a single subtitle, and which proved a notable success. In the film of "The Girl I Loved," Ray will have a chance to display his skill as a male actor. He will portray the hero in four different stages of life. This will amount to practically the same thing as playing four different roles.

About ten days ago, during the making of "The Tailor-Made Man," Mr. Ray suffered an injury to his foot while on location at Los Angeles Harbor. He had been doing a number of dangerous stunts all day in the rigging of a ship, and had successfully escaped injury of any kind. Then, when he was laughing in the boat from the side of the ship, the craft happened to sway in such a way as to bring the fly wheel of the engine right under his foot, and before Ray knew it the number was caught in the machinery and badly crushed.

The injury laid him up for nearly a week, but he is about again now, although with a cane. Will Make Summer Tour
Albert E. Smith, president of Vitaphone, and Jean Paige, in private life Mrs. Albert E. Smith, are to set sail for Europe about June 1. Their trip abroad will combine both business and pleasure, as Mr. Smith is to look after some foreign contracts and survey the foreign field for picture-making. They will not return to California until the beginning of fall.

"Glorious" Soon to Return
Gloria Swanson will arrive in the city about June 1. She will immediately begin work on "The Impossible Mr. Bellow," a story by David Liss, adapted by Elmer Harris and Peggy Leach. Sam Wood will direct. Mr. Wood is in New York now, photographing some important scenes for the picture.

Alice Brady Headlines
It seems that Alice Brady can't keep away from vaudeville, even though she is shortly to be busy on a picture contract with Famous Players-Lasky. She is to appear as the headliner at B. F. Keith's Palace Theater Monday in a sketch called "Cassidy Cook of the Yellow Sea," an adaptation of a story by John Colton and Daryl F. Andrews. She was appearing in "Drifting," at her father's theater, The Playhouse, when her illness interrupted the run of the piece.

Doomed Mildred Harris
Mildred Harris is also headlining. She is to be featured in the Riverside Theater in New York next week in "Moris Med."

Tom Forman Actor
Once more Tom Forman will put on the grasshopper and "act out" on the stage. At least the two-dimension stage. He has been engaged to play a leading role in support of Katherine MacDonald in her current starring vehicle, "White Shoulders," which she is making for Associated First National.

FLASHES

STAR IN DIVORCE
LILLIAN SHAW SAYS AFTER
BRIEF MARRIAGE

By Geo. King
Short and only comparatively sweet, apparently, was the married life of Lillian Shaw, Orpheum star, and John Goldstein, San Francisco merchant, following their wedding in Sacramento last February, when Miss Shaw was playing the Orpheum circuit.

Whether Miss Shaw carried her twice-as-divorced views on marriage and men into private life or not is not known. But the fact remains that she filed suit for divorce in Chicago a few days ago, with desertion and cruelty as alleged causes.

Miss Shaw met Goldstein in San Francisco, while she was playing the Orpheum there last January. February 2 they eloped to Sacramento and were married. She played the Orpheum there the same month and said that she was supremely happy that she took her honeymoon there on the public and that at home she and John were all love and kisses, and only women who said they had viewed marriage as she was.

She is returning to the Orpheum circuit with more ideas if not more ideals of marriage than before. Now when she says anything about the wedded folk and their woes, her audience may listen to her as to one who speaks with authority.

American Players in London
Many well-known American players are now in London, including the number one movie star, Clara Bow, who is appearing at the Hippodrome in London, where she is scoring a big success, and Alan Brooks, who is making a great hit in his play, "Dollars and Sense," in London. Both were formerly Orpheum stars.

HOLD PAIR

FOR DAKOTA
BANK FRAUD

Charge Echo of Townley
Nonpartisan League, is
Statement by Prisoner

An echo of the Nonpartisan League fight in North Dakota was heard yesterday in Los Angeles when Dep. Sheriff Fox and Nolan arrested N. G. Eggen, formerly vice-president, and F. H. Sherman, the former cashier of the Scandinavian-American Bank of Fargo.

The two former officers of the bank are accused in an indictment, according to information received yesterday by Sheriff Truesler, of making false entry in the books of the bank, while acting as officers of the institution on Aug. 22, 1919.

When Sherman was arrested he was asked regarding the charge. "Politics," came the reply. "It's an echo of the Nonpartisan League. The bank was in the hands of the Nonpartisan League people."

Mr. Eggen upon consent of Sheriff Fox, a Kramer of Cass county, North Dakota, was permitted to make false entry in the books of the bank, while acting as officers of the institution on Aug. 22, 1919.

Sherman was lodged in the County Jail to await the beginning of extradition proceedings. According to information received here yesterday the indictment against the two former bank officers was only recently returned although the offense was said to have been committed in 1919. This was due, it was stated, to the fact that an audit is now being made at the bank, which Sherman said is in the hands of a receiver.

Cheaters, Amusements, Entertainments

KINEMA THEATER—Grand at 7th St.
